Not all FSA Newsletters are mailed to producers. Some times they are just posted on-line. You can get the monthly Newsletter by checking the above website. Look for "NEWSLETTERS" on the left side of the page. You can read other county newsletters, too.

DCP Signup by June 1

Enrollment for the 2011 Direct and Counter-cyclical Program (DCP) will continue through June 1, 2011. FSA staff urges producers to make use of the eDCP automated website to sign up, or producers can visit any USDA Service Center to complete their 2011 DCP contract.

DCP Program payments are calculated using base acres and payment yields established for each farm. Eligible producers receive direct payments at rates established by statute regardless of market prices. For 2011, eligible producers may request partial direct payments as an advance on the total amount.

CRP Signup Opens

The Conservation Reserve Program (CRP) general signup is set to begin on March 14, 2011, and continue through April 15, 2011. During the signup period, farmers and ranchers may offer eligible land for CRP's competitive general signup at their nearest FSA office.

Land currently not enrolled in CRP may be offered in this signup provided all eligibility requirements are met. Additionally, current CRP participants with contracts expiring this fall may make new contract offers. Contracts awarded under this signup are scheduled to become effective Oct. 1, 2011.

FSA will evaluate and rank eligible CRP offers using an Environmental Benefits Index (EBI) and cost factors. The EBI consists of the five specific environmental factors of 1) wildlife, 2) water, 3) soil, 4) air and 5) enduring benefits. Decisions on the EBI cutoff will be made after the sign-up ends and after analyzing the EBI data of all the offers.

In addition to the general sign-up, CRP's continuous sign-up program will be ongoing. Continuous acres represent the most environmentally desirable and sensitive land. More information can be found online at:

www.fsa.usda.gov/crp

ACRE Signup by June 1

The ACRE Program provides a safety net based on state revenue losses and acts as an option in place of the price-based safety net of counter-cyclical payments under DCP. The June 1, 2011, signup deadline is mandatory for all participants.

A farm's payment is based on a revenue guarantee calculated using a 5-year average state yield and the most recent 2-year national price for each eligible commodity.

An ACRE payment is issued when both the state and the farm have incurred a revenue loss.

The total number of planted acres for which a producer may receive ACRE payments may not exceed the total base on the farm. In exchange for participating in ACRE, in addition to not receiving counter-cyclical payments, a farm's direct payment is reduced by 20%, and marketing loan rates are reduced by 30%.

The decision to enroll in the ACRE Program is irrevocable. The owner of the farm and all producers on the farm must agree to enroll in ACRE. Once enrolled, the farm shall be enrolled for that initial crop year and will remain in ACRE through the 2012 crop year.

FSA Youth Loan Program

Attention Parents and 4-Hers!

If you need assistance to fund a fair animal or 4-H project, Farm Service Agency can help you. We provide low interest loans for projects supervised by the parents/guardians and a 4-H or FFA leader. The program helps youth learn financial management skills.

Loan funds may be used to buy livestock, equipment, and supplies, and pay for annual operating expenses. The maximum loan amount is \$5,000. Repayment terms depend on the type of project. The interest rate is 2.5%.

To be eligible for a loan, the youth must be between 10 and 20 years old and belong to 4-H, FFA, or other organization. FSA would be glad to provide information to youth, parents, and 4-H and FFA groups.

**NOTICE
TO HISPANIC
AND/OR
WOMEN
FARMERS OR
RANCHERS
COMPENSATION
FOR CLAIMS OF
DISCRIMINATION**

If you believe that the United States Department of Agriculture (USDA) improperly denied farm loan benefits to you between 1981 and 2000 because you are Hispanic, or because you are female, you may be eligible to apply for compensation.

To register your name to receive a claims packet, call the Farmer and Rancher Call Center at 1-888-508-4429 or visit: www.farmerclaims.gov

The claims package will have detailed information about the eligibility and claims process.

USDA is an equal opportunity provider and employer.

Grassland Reserve Program (GRP) Enrollment

Applications for GRP in FY 2011 must be submitted by March 18, 2011. Rental contracts can be for periods of 10, 15, or 20 years. Permanent easements are also available for producers interested in a long term conservation arrangement. For more information about GRP rental rates or easement payments, contact this office.

Livestock Programs Available

FSA administers several programs that may be available to assist livestock producers dealing with problems caused by winter weather. To apply for assistance, producers need to document the number and kind of livestock that have died as a direct result of these winter storms. In situations where additional transport costs are being incurred to feed livestock, producers should document these additional costs.

Among the key programs are the Livestock Indemnity Program (LIP) and the Emergency Assistance for Livestock, Honeybees, and Farm-Raised Fish Program (ELAP). For livestock death losses to be eligible under LIP, producers must file a notice of loss with their local FSA office within 30 calendar days from when the loss is apparent to the producer.

Contact your nearest FSA office for additional information.

Emergency Forest Restoration Program

Signup for the EFRP is now open until April 1, 2011. Producers with Non-Industrial Private Forests in Nez Perce or Clearwater Co's may sign-up to receive up to 75% cost-shares for removing trees blown down in the November 11, 2010 windstorm. Producers should sign-up prior to beginning the work, but may still be eligible if they have already completed or started the work.

In order to prevent a potentially large infestation of bugs the cleanup work is being encouraged to be completed by May 15 or June 1, 2011.

Contact the Nez Perce or Clearwater Co FSA Office for additional information.

Farm Records & Ownership Changes

Be sure to notify this office if you have changed your farming operation by adding or subtracting land, land ownership changes, including landowners placing their land into Trusts for estate planning purposes. If an incorrect name is used on a farm that receives Direct Payments and/or ACRE payments —the ENTIRE farm may be ineligible for payments. For ineligible farms ALL owners and operators on the farm may have to repay previously issued payments.

NAP Enrollment

To maintain eligibility for several FSA disaster assistance programs, including SURE, Farm Stored Facility Loans, Livestock Feed Assistance Program, and ELAP, producers must obtain crop insurance or NAP coverage before a disaster strikes. Noninsured Crop Disaster Assistance Program (NAP) applications for coverage must be filed using Form CCC-471 and applicable service fees must be paid by the closing date. Application closing dates vary by crop. Nez Perce County producers can contact the FSA Office for specific crop application sales closing dates at: (208) 746-9621 Ext 2.

Producers must obtain NAP or crop insurance coverage on all crops in order to remain eligible for the agency's Disaster Assistance Programs such as SURE, TAP, and ELAP. Producers must purchase at least catastrophic (CAT) level of insurance for all insurable crops. LFP requires coverage only on grazed acres.

NAP provides coverage to producers for non-insurable crops when low yields, loss of inventory or prevented planting occur due to natural disasters. Crops eligible for NAP coverage are those for which crop insurance is not available, including fruits and vegetables, aquaculture, pecans, turf grass and forage crops just to name a few.

More information about NAP may be found on the FSA web site located at www.fsa.usda.gov

FSA Payment Record

During the last week of January, producers who have received payments from FSA should have also received a CCC-1099-G from the Kansas City office. A CCC-1099-G is a report to the Internal Revenue Service about FSA payments made to producers during the previous calendar year. The CCC-1099-G is a service to help participating producers report taxable income. It is not intended to replace the program participant's responsibility to report income to the IRS.

If you received a CCC-1099-G, we recommend you check the amounts shown with those in your records to see that the amounts are correct. Refunds will no longer be reported on the 1099-G, but will be available online from the FSA Financial Inquiries (FSA-FI) web-based database. Program participants with eAuthentication user ID's and passwords can access their refund information at FSA-FI and select "Inquiry Type 1099/Refund Reports". Refund amounts are displayed on the Producer's Year-to-Date Activity web page.

If you have a question concerning the 1099-G refund information, you may contact your nearest FSA office for assistance in locating the correct payment data. If you choose to visit the office, bring your CCC-1099-G with you.

Honey Loans

Honey loans are a type of marketing assistance loan. They are currently available until March 31, 2011. The national loan rate for honey is \$.69 per pound. Market prices currently exceed the loan rate, so LDPs are not available at this time.

To be eligible, the producer must produce honey in the United States during the calendar year for which the loan is requested, and extract the honey on or before Dec. 31 of the applicable crop year. Producers must also maintain continuous beneficial interest in the honey through date of repayment of the loan, and be responsible for the financial risk of the operation. Producers are responsible for maintaining the quality of farm-stored honey.

The containers must be marked with the producer's name, type of honey, number of container and net weight. Pre-loan inspections are required before the loans can be disbursed.

Actively Engaged

USDA has amended the requirements of being 'actively engaged' in farming. These rules apply to eligibility for payments under the Direct and Counter-cyclical Program (DCP) or Average Crop Revenue Election (ACRE).

Normally the stockholder or a member of a legal entity **must** make contributions of active personal labor and/or active personal management for the farming operation. The contributions are to be performed on regular basis, must be identifiable, and separate from the contributions of others.

The exception to this rule for a stockholder or member of a legal entity only occurs when both of the following apply:

At least half of the interest in the legal entity is held by stockholders or members who are providing active personal labor or active personal management; and

The total direct payments received by the legal entity and each of the members can't exceed \$40,000.

Adjusted Gross Income

USDA and the Internal Revenue Service have an electronic information exchange process for verifying compliance with the adjusted gross income (AGI) provisions for farm programs. Written consent will be required from each producer or payment recipient for the tax review process. No actual tax data will be included in the report that IRS sends to USDA.

This to ensure that payments are not issued to producers whose AGI exceeds certain limits. The limits set in the 2008 Farm Bill are \$500,000 nonfarm average AGI for commodity and disaster programs; \$750,000 farm average AGI for direct payments; and \$1 million nonfarm average AGI for conservation programs.

Participants in CCC programs subject to AGI rules must submit form CCC 927 (Individual) and/or CCC 928 (Legal Entity) to the Internal Revenue Service by June 15 to avoid interruption of program benefits. These forms may be obtained from FSA and NRCS offices or online at: <http://forms.sc.egov.usda.gov/eforms/mainervlet>.

2010 Grain loan deadline—March 31, 2011
2010 Pulse loan deadline = May 31, 2011

Hay Net – Your No-Cost Online Buying and Selling Market

Hay Net is a free, online hay locator service on the FSA website at <http://www.fsa.usda.gov/haynet>. Producers who want to buy or sell hay can post their ads at no charge to make connections. Hay Net is a popular site for farmers and ranchers who have an emergency need, such as the one caused by the current extreme winter conditions. Individual ads can be posted by producers after completing a simple online registration form.

Selected Interest Rates for March 2011

90-Day Treasury Bill	0.125%
Farm Operating - Direct	2.500%
Farm Ownership - Direct	4.875%
Conservation Loan	4.875%
Farm Ownership - Direct Down Payment, Beginning Farmer or Rancher	1.500%
Emergency	3.750%
Farm Storage Facility (7 year)	2.875%
Commodity Loans 1996 - Present	1.25

Dates to Remember

March 15	NAP Spring Planted Crops Deadline
March 18	GRP Enrollment Ends
March 31	2010 Grain, Oilseeds, Honey Loan Availability Ends
April 1	EFRP Signup Ends
April 8	Asparagus Referendum Signup Ends
April 15	CRP General Signup Ends
May 31	2010 Pea, Lentil, Garb, Mustard Loan Availability Ends
June 1	2011-2012 ACRE Signup Ends
June 1	2011 DCP Enrollment Ends

 **Department of
Agriculture**

The U.S. Department of Agriculture (USDA) prohibits discrimination in all of its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, political beliefs, genetic information, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination, write to USDA, Assistant Secretary for Civil Rights, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, S.W., Stop 9410, Washington, DC 20250-9410, or call toll-free at (866) 632-9992 (English) or (800) 877-8339 (TDD) or (866) 377-8642 (English Federal-relay) or (800) 845-6136 (Spanish Federal-relay). USDA is an equal opportunity provider and employer.
